

CV & Resume

Finance and Accounting student with procurement experience, transitioning to finance.

📍 Duisburg, Germany

About

Malaysian Chinese international business student in Germany with 3 years of procurement consulting and 4 years of independent equity investing. While my professional background is in strategic procurement, my passion lies in finance and investment analysis.

Currently transitioning into finance roles, leveraging analytical skills honed through procurement and proven through top academic performance. Corporate Finance: 1.3, Company Valuation & Equity Research: 1.3, Financial Accounting: 1.7 (German grades).

Experience

○ Werkstudent Procurement Business Support

Feb 2025 - Present

RWE Offshore Wind GmbH

Solving SAP access and P2P issues end-to-end by working directly with authorizations, workflows, MM master data, and internal SharePoint guides. Explaining root causes and next steps clearly to business users instead of forwarding tickets.

SAP MM

SAP Authorizations

P2P Workflows

SharePoint

○ Functional Consultant Support

Nov 2023 - Jul 2024

YCP Consus (Remote, Malaysia)

Functional consultant support for Ivalua (SAP Ariba-like), acting as the bridge between business users and complex procurement workflows by turning vague, low-quality tickets into clear, actionable requests. Owned support operations end-to-end, including user communication, intern leadership, documentation governance, and direct C-level stakeholder management.

Documentation Governance

○ Strategic Buyer

Jan 2023 - Nov 2023

YCP Consus (Remote, Malaysia)

Built an Excel-based spend analysis on ~EUR 45M, uncovering price inconsistencies for identical materials, supplier duplication across categories, and off-contract buying, leading to EUR 1.6M realized savings.

Strategic Sourcing

Supplier Negotiation

Contract Management

○ Founder & Owner

Apr 2021 - Apr 2022

Looksbaby (E-Commerce Baby Apparel)

Launched and operated an e-commerce brand, generating MYR 30k revenue in first 3 months at 48% gross margin. Owned end-to-end P&L and bookkeeping. Managed cash flow and inventory turnover using demand forecasting; exited low-demand US fulfillment expansion to avoid fixed-cost exposure.
